Recommended and useful comments are the first to be noticed by users and where no response can affect the download rate. This is why it is highly recommended to answer them. So it makes you rate it before you get any of the add-ons and I really like it because it's very easy to get and rest supplements of some of the items are free, which I really like and I think an add-on app just to do with TNT is very cool Best mods like endergarg and robocraft also minecraft story mode S2 mobs. I even changed my moving bomber into a nuclear bomber that fooled my friends badly. I also used beymax to attack my enemies he was useful. Wither storm was hard to kill I needed another practically huge blue iron golem. Endergarg was hard to kill, it also took me 10 minutes to kill. He also tried to fight three heads of ghast and colossus at the same time. I hope you like it. It's good that I downloaded this app because my friend Ryan downloaded it and his was ok, but when I downloaded it said I have to miss it so I did this, then said that if I rate I could have a lot of mods, but it didn't happen I clicked on the restore said bad failed to restore it and said it over and over again This game is epic. The problem is that you don't let me go on slenderman or nuke Addons/mod because it says it's updating, but it actually isn't. I'll give 3 stars on this. Fix it. I didn't like it because I just want a little fun to play on Minecraft and you expect the kids to be on their parents' phone and downloading this app in where all I can see are cars? IM NOT 4 YEARS! And who puts VIDEO on a MODS app? It's just a Minecraft app, wanting to go away, but just threw in the trash and burned by me.
